Last hosted at the prestigious Ascot Grandstand in 2019, the UK's dedicated high-end audio show returns in 2023 with the 'who's who' of world-class hi-fi

↑ The UK Hi-Fi Show *Live* is expanding into additional and larger spaces for 2023, making room for more heavyweight brands. Here are Michael Johnson [left] and Matt Miller of Monitor Audio making plans for the first and only UK show demo of the iconic Hyphn loudspeaker [HFN Jun '23]. The latest Platinum range will also be on show alongside some exclusive new electronics!

↑ Once again, Cadence Distribution will be in force at the UK Hi-Fi Show *Live*, overlooking Ascot's Parade Ring on Level 2. Again, this will be audiophiles' only opportunity to see and hear SME's spectacular Model 60 turntable [HFN Jul '22] and Series VA tonearm in action – and meet the team – at a UK show. Powering the very best sounds from vinyl, and from digital courtesy of Aurender's flagship W20SE [HFN Mar '23] and N30SA [HFN Jul '23] music library/servers, will be Nagra's HD PREAMP and monoblock HD AMPs [HFN Jul/Nov '18]. We will also hear the stunning Siltech Symphony loudspeaker system, presented by Edwin and Gabi Rynveld.

↑ Here are Lawrence Armstrong [right] and Simon Powell of Henley Audio pictured on site in 2022. This year the Henley team will return to the large 'Ascot Authority' room on the 2<sup>nd</sup> floor to host demos featuring the very latest hardware from Musical Fidelity [including the reprised Nu-Vista 800.2 hybrid integrated], HiFi Rose, Klipsch, Synthesis and – of course – Pro-Ject. Visitors will also be able to meet the man behind MF and Pro-Ject – the irrepressible Heinz Lichtenegger!
